BRIDGE NEWS:

Burr! are we cold yet? We may be going through a cold spell in Texas but the bridge playing is "hot" in BellaVita.

Due to the Laubers's efforts we have consistently had eight tables of players the past few weeks for duplicate play. Even Nancy Smith has seen an increase of players for the Thursday evening party bridge play night.

The Thursday 10 AM bridge class has added a few more students who have all had some bridge playing experience so we should usher them off to the regular play days soon. Ten tables of players will be normal by the end of the year. We are having too much fun!!

Winners for Tuesday duplicate play for North and South teams were: Mike Sanders-Doris Melby 107.50pts.; Lyle Ganuchau-Jane Peterson 93.50pts. and Theresa Devereux-Carolyn Giles 88pts. East and West team winners were: Joyce Wormser-David Henry 104pts; Lee Molloy-Thordean Campbell 91pts. and Frances Hancock-Homer Franklin 88.50.

Scores not available however, Thursday North and South duplicate winners were: Lyle Ganuchau-Margo Green 1st. place; Jean-Marian Osborn second place and third place Frances Hancock-Gail McCullah. East and West team winners were: Ram Agrawal-Irene Baker 1st place; David Henry-Helen Lauber 2nd. place and 3rd place Theresa Devereux and Sandy Pollard.

Bridge class members please review Lesson 6 for Thursday at 10AM. Margo Green margog@prodigy.net

TO ALL BELLAVITA RESIDENTS:

Let's all do something for this beautiful planet that we are blessed to live on. Most of us recycle at home. Some of us have noticed that there is a great deal of recycle materials that are put into the garbage at the Club House after each gathering. (all of this going into land fill). The city does not pick up recyclables at commercial buildings, which the club house is classified as. The City of Pearland has a great recycle center for residents.

Can we get residents to set up recycle bins at club house to collect recyclable materials after functions and volunteers to take it to recycle center?

We can all do our part.

Volunteers can sign up at the front desk

The Board of Directors has been considering the impact of continuing to handle all fence maintenance in BellaVita and is seeking input from homeowners. Poor initial quality and rapid deterioration of some fences led the Board to appoint a task force last year to look at long term fence costs.

The Task Force found that much better quality fences were available at lower than expected costs, and recommended that we begin to replace all fences over a 12 year period starting in 2013. The cost for doing so would amount to a reserve budget increase of \$2 per month per home and this amount was included in the current budget. While it did not require an immediate increase in assessments, it may serve to move up the time when increases are necessary. However, long-term costs would be greatly reduced.

Another option considered is for the association to turn the responsibility for unit fences back over to homeowners. This would reduce costs and extend the time before assessments have to be raised. These two options represent the maximum and minimum short-range costs of those options being considered, and the Board would very much like homeowner input to the decision. A survey will be mailed to each home on February 17 along with some additional information. Your opinions are important and the Board requests that each family review the issues and return the surveys to the ballot box in the clubhouse.

To learn more about the issue please attend the Homeowners Forum at 7pm on February 23 where the Board will address your questions.
