The background of the poster is a dark blue night sky. In the upper left, a large, pale full moon is partially obscured by the date text. Several black silhouettes of bats are scattered across the sky. In the center and foreground, there are several glowing jack-o'-lanterns with various carved faces, some with jagged mouths and triangular eyes. To the left, a black silhouette of a tombstone with a cross on top is visible. On the right, a dark, leafless tree branch reaches across the frame. The overall mood is spooky and festive.

BellaVita Residents,

The Board of Directors is reviewing the current alarm contract from Modern System Concepts. As part of this review, we need to get an accurate count of households still using the original alarm system. Many residents, on their own, have upgraded to a camera doorbell system or electronic system that can be controlled by phone or laptop, such as Ring or another company.

Basically, all residents should fall into one of these three categories:

1) currently use the original Modern System Concepts alarm system and you don't pay any additional amount or have an upgraded system with Modern System Concepts that you are billed directly by Modern System Concepts, 2) have some other system, such as Ring, Brinks or ADT that you pay directly to that service provider, or 3) do not use any system.

If you are in category 1, still using Modern System Concepts in any capacity, we need you to let us know by signing up at the clubhouse front desk on or before October 18. No response is needed if you are not actually using Modern System Concepts.

If you are unable to go to the clubhouse, you can call the front desk, 281-464-3150, and ask them to put your name on the list. The BellaVita Board of Directors will use the actual usage rate to evaluate the contract.

DROUGHT CONTINGENCY PLAN

A **drought** is defined as an extended period when an area receives insufficient rainfall to replenish the water supply, causing water supply shortages. In the absence of drought response measures, water demands tend to increase during a drought due to increased outdoor irrigation. The severity of a drought depends on the degree of depletion of supplies and on the relationship of demand to available supplies.

The persistent heat and drought in the Pearland area has caused an overall increase in water consumption which is currently being monitored by Pearland Water. The [City's Drought Contingency Plan](#) has several triggers for this type of situation, and based on current circumstances it has been decided enact Stage 2 of the City's plan.

Stage 2 separates Pearland and its unincorporated ETJ into three sections that align closely with trash collection to provide recommendations for watering schedules:

Stage 2 mandatory drought restrictions include the following:

- Residential and non-residential water customers are to limit outdoor watering to twice per week on the days that align with Pearland customers' trash service days, prohibited between 9:00 AM and 7:00 PM.
- Operation of ornamental fountain or pond for aesthetic or scenic purposes is prohibited.
- Use of water from fire hydrants is limited to firefighting.
- Water customers are requested to [practice water conservation](#) and to minimize or discontinue non-essential water use.

Any water customer who violates these restrictions is subject to a fine of up to \$2,000.

Several exceptions from stage two restrictions have been identified to balance the practical needs of the community with conservation goals:

- Newly planted landscaping and/or sod
- Sports fields hosting league play.

In these instances, it is recommended that watering be conducted during overnight hours to minimize evaporation and pressure on the overall water system. Additionally, it is highly recommended to suspend adding any outdoor landscaping or sod until stage two restrictions are lifted.

Ronnie Westfahl

The Awards Committee would like to announce
Q3 2023 Volunteer of the Quarter, Ronnie Westfahl.

The Volunteer of the Quarter is a program to publicly recognize the efforts of an individual for BV community service. Ronnie and Mary Westfahl moved to Bellavita in 2005, after learning about this wonderful retirement community on Scarsdale. He is a native Texan, born and raised in El Campo on a farm. When he wasn't at football practice, he learned to pick cotton and work the fields. This is where he learned a strong work ethic. He and Mary have been married for 51 yrs. Their family includes 2 sons, daughter in law and 3 precious grandchildren. Ronnie plays a very active role in all their lives. Ronnie finished his 40+ years career with the US Postal Service in 2018. This is when he began to start enjoying the amenities our neighborhood offers, as well as giving of his time as an active volunteer.

Ronnie is an active participant in the Men's Club. He assists with cooking, set up, take down and prepare for many BellaVita events including Belles and TEC. Also, he is a member of Flag Team 2 checking condition/installing/retrieving flags for the flag program that everyone looks forward to seeing each national holiday. Ronnie assists Joe Biard with the reoccurring door refinishing program (every 2yrs) that enhances the look of our homes. They contact the home owners, many of whom are not even aware that the door refinishing program is part of the services offered by Bellavita. As well as the door refinishing program, each year in April, Ronnie oversees the reoccurring house painting program. This is not an easy task. Even though the homes are painted every 9 yrs., seventy houses are painted each year to ensure our community stays in pristine condition. When contacting the home owners, Ronnie points out other items on the exterior of their homes that are in need of repair. By overseeing our homes up close, Ronnie makes sure our homes are kept in good condition. He is always willing to help others.

Ronnie finds time to enjoy life in between all his Bellavita important volunteer jobs. He has found time for a new love, playing pool at the Clubhouse with his buddies several times a week. He loves the friendly competition. As well as playing pool, he bowls with his church group and is active in his Bible Study class called Plugged In. Mary and he have a love of gardening that they share. A large part of their free time is spent in making their yard (front and back) one of the most beautiful in Bellavita.

Ronnie has done an incredible job in all his volunteer efforts. Thank you Ronnie Westfahl for all your hard work. Please congratulate Ronnie on his outstanding contributions and recognition as Volunteer of the Quarter.

Sandra Bornstein, Awards Committee Chair

Your HOA dues include having your front door maintained every 2 yrs. as needed. This means the door will be lightly sanded and a coat of spar varnish will be applied. A new weather strip on the bottom of the door is included, if needed. This will help to protect your door. However, if you postpone or do not request having your door serviced and it requires having your door refinished, the HOA will only cover a portion of the cost to refinish and replace the weather strip. The HOA will pay a maximum of \$210.00 (the cost to the HOA for regular maintenance plus a 2nd coat of varnish). You will be responsible for the remaining cost of the door service. Please note if there is a homeowner cost it will have gone up from previous years as well. It is your responsibility to call and have it serviced every 2 years.

Please call or come by the Clubhouse at 281-464-3150

before September 25th and get on the schedule.

The doors are serviced March through October.
